

As you are aware, assessment by the National Assessment and Accreditation Council (NAAC) is an effective process in quality assurance of all institutions of higher education. As at present, accreditation by NAAC with B grade is essential for future development of institutions of teacher education. It is now mandatory for all colleges and universities for receiving UGC grants.

In order to assist all unaccredited colleges of teacher education to proceed for assessment and accreditation and all colleges which have lost their accredited status, to go for re-accreditation, the W.B. State Council of Higher Education is organizing a workshop on 'Quality Assurance in Teacher Education Institutions through NAAC Assessment and Accreditation.'

I invite you and the NAAC Co-ordinator of your institution to attend this workshop, which I am, sure, will be helpful in achieving quality measures at your institution and proceeding for assessment / re-assessment.
